THE City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the classified list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern up-to-date method of getting what you want.

"Organized Effort on Behalf of Our City"

'The conception of Chamber activities is embodied in one of the adopted slogans Organized Effort on Behalf of Our City' and the Chamber is a success only to the degree that this effort is extended and service rendered impartially, fearlessly and unselfishly for the benefit of the community. The Chamber has made great strides in further developing the comprehensive character of the organization, which today is more generally recognized as an organized body through which all citizens may work for the advancement of the civic and commercial welfare of the city. It is non-political and non-sectarian It voices the opinion of a membership composed of all shades of thought and of all lines of commercial and professional activity It is the voluntary, collective contribution of public-spirited men and women to the common good "

INDUSTRIAL DEPARTMENT *of* MANUFACTURERS

ITS OBJECT

LOCALLY—To stimulate buying within our own borders.

NATIONALLY—To catalogue a diversified industrial center throughout America made possible by accessible directory libraries maintained mostly by business organizations in all principal cities.

NOTE—In the compilation of this department every effort has been made to list herein all manufacturers in Newark and, by special contract, others contiguous to Newark.

To determine a manufacturer, the directory published in 1912 by the Newark Board of Trade known as "Newark Made Goods" was used as a basis, and the omission of any firm implies no unfavorable discrimination

GUARANTEED 99½% PERFECT

This book is as correct as our over one-half century of making directories can make it.

One hundred per cent perfection is our aim and ideal, but we are not fooling the public or ourselves that this has been attained.

Ever since Adam succumbed to Eve, perfection is *at least* one half of one per cent from "arrived".

To disprove our claim it would be only necessary for one to find at least *fifty* errors or omissions for every *ten thousand* names, over twenty years of age, in the alphabetical section, who have been residents of this community for at least one year prior to publication.

The first one who can accomplish this, and forward the same to our address, will receive the next publication gratis.

NEWARK STREET DIRECTORY

Giving the name of each street and avenue and showing what other streets or avenues run from or across it, with the number at which they intersect.
"(1 A)" indicates marginal index for locating street on map.

NEWARK STREET GUIDE

EXPLANATORY NOTES

The streets are arranged alphabetically with their description, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arrangement by rotation where no numbers have been assigned.

The abbreviation r between the street number and the name signifies "rear"

The word "vacant" after a number signifies that the house, store or office at that number was vacant when canvass was made.

*Denotes parties having telephones.

"(1 A)" indicates marginal index for locating street on the map.

"(Right odd)" after street description indicates odd numbers on right side of street.
